

## ***SRD650: SOLUTION READY DESIGN*** **Born Ready.**

Forget everything you know about mobile computers. The Unitech SRD650 is a complete solution featuring four powerfully robust apps to help users transform their workflow. The SRD650 also includes access to the Kalipso Application Generator, a simple and intuitive way to build your own apps. With both hardware and software in one box, the SRD650 is truly a mobile computer unlike any other.

### **Highlights:**

- *Out-of-the-Box Applications: Barcode Compare, Memory Scanner, Asset Tracker and Inventory Manager, with more coming soon*
- *Edit these existing applications or create your own with Kalipso software*
- *Everything included: no hidden or additional costs*
- *Aggressive laser scanner*
- *USB and WiFi Communication to host computer*
